VIZpin Lite Service

The Lite service is included free with the purchase of a device. You're entitled to 5 smartkeys and a one-year limited electronics warranty.

VIZpin Plus Service

The PLUS service is a subscription-based feature set which expands the functionality of the locks and property. After upgrading to PLUS, the account will receive 500 smart keys to use on any lock or reader. Administrators will have access to scheduling and role-based grouping of access as well as the first-in feature. A 30-day activity history becomes available and can be exported. The free-replacement warranty will be extended for the life of the subscription. VIZpin maintains the database infrastructure and security of the network communication. There may be periodic updates of the application and/or device firmware as necessary. Subscriptions are billed in one-year or three-year increments.

Entegrity Smart Intercom LIST PRICE

Smart Intercom

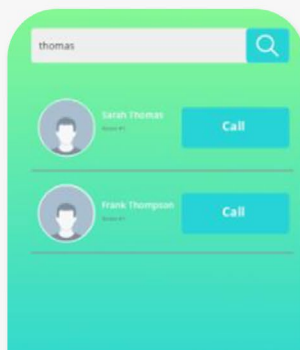

The Entegrity Smart Intercom lets you easily and affordably upgrade every door or gate on your multifamily property to a visitor management system. Now tenants can let their visitors, contractors and delivery people into gates, buildings, package rooms, even their individual units.

How It Works

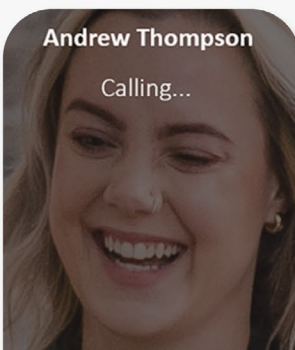

Step 1

Visitors download Entegrity Smart Intercom App

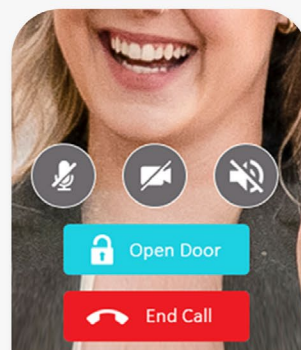

Step 2

When at the door, they look up the resident

Step 3

Visitor starts a video call with resident

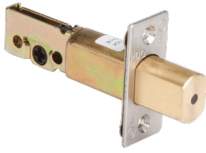

Step 4

Resident lets them in with a push of a button. Anytime, from anywhere.
