

FIRE STATION 9

LOCATION	Odessa, TX
ARCHITECT	JSA Architects
DISTRIBUTOR	The Hallgren Co.
YEAR BUILT	2022

Fire Station 9

Fire Station 9 can house up to ten personnel and is equipped with 4 bays that can hold additional units to include a fire truck and ambulance. In accordance with new cancer initiatives, exhaust fans and associated systems are placed in the truck room while also including positive pressure areas to separate the fire station from truck room. This station also serves as a satellite office for the Odessa Police Department (OPD).
