## North Georgia Medical Plaza

Bringing exceptional healthcare to North Georgia, the North Georgia Medical Plaza houses eight specialty physician offices. Family Medicine, Heart and Vascular Care, Pain Management, an Eye Center, Dermatology, ENT and Allergy, Digestive Care, and Pharmacy.

Built in 2021, the facility is outfitted with a wide assortment of PDQ Manufacturing door hardware. MR Series Grade 1 mortise locks and GT Series Grade 1 cylindrical locks are installed on physician offices, common area rooms, storage rooms and utility room doors. 6200 Series Grade 1 exit devices and trim are installed on exterior and interior door applications. Both 7100 Series Grade 1 institutional door closers and 5300 Series Grade 1 commercial door closers are used throughout the building.
