## Rest Haven Homes

Rest Haven Homes senior-care center is nestled on six acres in a residential neighborhood of Northeast Grand Rapids. The center's licensed assisted living provides low to high care for residents with physical and cognitive needs, including secure memory care for residents with Alzheimer's disease and other dementias.

In 2022 Rest Haven underwent an expansion project to enlarge, privatize and modernize the high-care "Love Wing", expand low-care assisted living rooms, and add more assisted living apartments to the second floor.

## Rest Haven Homes

PDQ door hardware was used for the expansion including GT199 Series Electrified Grade 1 cylindrical locks for the pharmacy and other high security rooms, GT Series Grade 1 cylindrical locks for common areas, SD Series Grade 2 cylindrical locks for resident apartments, 7100 Series Grade 1 door closers and, 6200 Series Grade 1 exit devices with 6EW199 electrified trim for exterior and fire rated interior doors.

Greg Tracy, Administrator for Rest Haven said “The PDQ locks and door hardware are working great and have met my expectations. The electrified locks have added a new level of security to the pharmacy, staff restrooms, storage and mechanical rooms. We used to have quite an issue of memory care residents wandering off but with the installation of delayed egress that situation is now under control.”

### Product(s) Used:

- GT199
- GT Cylindrical Lock
- SD Cylindrical Lock
- 7100 Closers
- 6200 Series Exit Devices
- 6EW199A
