## **RiverHeath - Willow**

Willow, the largest apartment building in the RiverHeath complex is located on the Fox River in Appleton just steps away from downtown. Residents enjoy a coffee shop, miles of nature trails, birdwatching, kayaking, and as apartment building powered by clean renewable energy sources.

RiverHeath has always been committed to sustainability. The U.S. Department of Energy (DOE) awarded the project a grant to help fund its geothermal exchange heating and cooling system. Green energy right from the river! The adjacent hydro-electric plant operated by Kaukauna Utilities offers the closest emission-free energy available.

## RiverHeath - Willow

Built in 2019, the Willow is outfitted with a full assortment of PDQ door hardware including CL Series Interconnected locks for apartment entry doors, GT Grade1 cylindrical locks for common area, storage, and mechanical rooms, 7100 and 5300 Series Grade 1 commercial door closers, and 6200 Series Grade 1 exit devices with trim on exterior doors and interior fire rated doors.
